### Writing

The world nowadays is open to travel and discover. So we have an opportunity to understand that different countrys give different things to the world.

The first thing that countrys <sup>Share with</sup> ~~give~~ each other is food. For example: we all love Italian Pizza, American fastfood and Chinese Sushi. Food is very important for people of different cultures to become interested in visiting different countrys.

Next thing iam going to talk about is not actually connected to people relationships but It is really important for politics and economics. Different countrys give each other natural resources. For example: Russia is one of the biggest transporters of oil and gas in the world.

Different countrys also give each other an opportunity to receive some aspects of its culture. For example: cinema firstly was a French entertainment, but nowadays it is multicultural artform.

The world is big and opened right now. We have interent international economy, opportunity study languages and travel. Globalization is <sup>positive</sup> ~~good~~ and important part of world's ~~re~~ evolution and all country should live in peace sharing culture, resource and ~~all~~ goods with each other.
